Min 1/17/3/21: Background.

The National Drought Management Authority (NDMA) is a public body established by the NDMA Act, 2016. The Act gives the NDMA the mandate to exercise overall coordination over all matters relating to drought risk management and to establish mechanisms, either on its own or with stakeholders that will end drought emergencies in Kenya.

The NDMA has received funding through the rationalized and approved KCEP-CRAL budget and now wishes to apply part of the funding to support community projects in various counties. The Authority, therefore, invited applications for tenders from interested and eligible contractors and suppliers for the following tenders:

Table 1. List of tenders advertised;

The opening committee was first taken through the impartiality and confidentiality declaration form where each member read and understood it before appending their signature. None of the committee members declared interest, and therefore, they all promised to execute the responsibilities impartially and objectively. They also declared to open independently to uphold trust and confidentiality in the opening process.

The above listed members were appointed by the accounting officer on 17th March, 2021 (see annex 1 attached). The agenda of the meeting was to:

1. Open all tenders received on or before the date of submission.
2. Assign an identification number to each tender and record the number of pages on each document received.
3. Reading out the bid sum, bid security amount and the issuer of the bid security.
4. Documenting the whole process of tender opening

Min 2/17/3/21: Opening of Tenders

The committee embarked on opening of the tenders, which included, assigning unique numbers to bids, check pagination/serialization, reading out bidders' names, bid sums, bid security, and the provider of the same as shown below. Due to Covid-19 restrictions on meetings, bidders' representatives present nominated two (2) persons per category to witness the opening on their behalf.
